

# Asby Fair Week Support Group

## Useful Information

### for Asby residents during Appleby Fair Week

As the village is a non-tolerated site, you will evidence some temporary changes to facilities and access around the village greens.

We will restrict areas of the three main greens (chapel, bus shelter and well) using a mix of dumpy bags, wooden posts and boulders. A post fair boon day will be organised to collect litter and tidy the village and parish once travellers have departed.

To further support the community during fair week we offer overleaf:

1. Emergency contact details for major incidents
2. A reporting process for less urgent incidents
3. A list of contacts should you feel isolated, need support, or just want a cup of tea and someone to talk to

To help assist the Parish for future fairs it is important we report all issues such as:

- Damage to property, vehicles or environment
- Attempted forced entry
- Attempted theft
- Animal cruelty
- Prevention from using local facilities such as the playground
- Excessive littering, fly tipping
- Excessive noise, smells from waste products or fires
- Interference with the peaceful enjoyment of the surroundings
- Harm to good community relations
- Distress caused by abusive behaviour or language, threatening or otherwise
- Intimidation or fear of leaving your home
- Interference with ability to access or use the land
- Transit through the village being blocked

Pin this on your notice board or fridge for reference
