SPRING

Nothing is so beautiful as Spring –
When weeds, in wheels, shoot long and lovely and lush

.....

What is all this juice and all this joy?
A strain of the earth's sweet being in the beginning
In Eden garden.

ST PETER'S CHURCH

MOTHERING SUNDAY

You are invited to join us for this special service on Sunday 10th March at 11am. in St Peter's. Rev David Wood will be leading and posies will be presented to all ladies in celebration of mothers past, present and future. Do bring the whole family along to this traditional service!

MOTHERING SUNDAY has been celebrated on the fourth Sunday of Lent since medieval times. There is a record of 'going Mothering' as far back as 1644. This referred to people going back to their 'mother church' where they had been baptised, or to their local parish church.

In later times Mothering Sunday became a day when domestic servants were given the day off to visit their 'mother church' together with their own mothers and family members.

They took with them 'mothering buns' - which were iced buns with hundreds and thousands sprinkled on them - or a Simnel cake. Posies were often gathered for mothers on the way too.

MOTHER'S DAY is a secular celebration, quite unrelated to Mothering Sunday, other than for the fact that, in the UK, it falls on the same day.

Mother's Day began in the US in 1870 when a proclamation was made urging mothers to spend one day a year promoting peace.

It formally became a states-wide holiday in 1914 and is now celebrated in over 40 countries. In the 1920s Hallmark Cards produced the first Mother's Day cards upsetting the supporters of the 'Mother's Day for Peace'. Over-commercialisation since has led to the original idea behind the day being completely forgotten, but mothers are now celebrated for what they have done, and still do.

St Peters – The Future: Growing a Church Community

You will no doubt be aware that we held various consultations last year to explore ideas to grow and develop our church community. In January, we had a meeting to feedback a summary of what has come out of this consultation and how we feel we now need to move forwards. It will be a steady, emerging process but the analysis and discussions have shown our priorities for action lie in four areas:

Open up flexible space within the Church; ie. create a space that can be used in different ways for meetings, social events, music, informal worship and fellowship. There are formal steps we need to take to make this happen, as it is likely to involve moving a few pews, so it won't happen immediately, but the necessary steps are being taken. As we make these changes, you will start to see new, creative ideas popping up, so watch this space.

Have a regular 'pop up' café where folk can meet and share; this will be one of the ways we will use the new space we create. You can read more about the first of these, elsewhere in this edition. This will be promoted as a warm welcome space, with a morning of coffee, cake and chat - **The Three 'C's**.

Hold concerts, drama, and other musical events; a whole host of lovely ideas come into this topic. We've already had an African Choir, and in the next few months you will also be able to enjoy an organ recital and a ukulele band. ...And this is just the beginning!!

Provide more variety in the style and times of services; we've already had an Iona service, and on one occasion Fran brought us an interactive service based around a '10 second sermon'. We will continue to have Songs of Praises and outdoor services, as we've had in previous years. In addition, we're also looking to also offer more relaxed forms of worship such as through café or breakfast church, prayer walks and fun activities where we can share thoughts and reflections together.

So, all in all, there is a lot to look forward to. We're focused on building your ideas and turning them into a reality. And through the process of all this, we hope to grow a wider group of Friends and encourage the community to become involved in the life of St Peter's in different many ways, not necessarily just by attendance at regular services.

We're on a journey and we look forward to welcoming you on that journey with us.

ASBY PARISH COUNCIL MEETINGS

The Council holds meetings every two months in Great Asby Village Hall. When necessary, extra sessions may be held to discuss planning matters.

The next Ordinary Meeting is on Thursday 14th March, starting at 7pm, in the Village Hall.

Agendas and minutes of the current year's meetings can be downloaded from the parish website <https://asbyparish.org.uk/asby-parish-council/pc-meetings/> (when available). Only business contained on the agenda can be considered at the meeting. Please forward any items for the agenda to the Clerk (see page 12,) at least two weeks before the meeting.

Can I speak at a Meeting? Residents are encouraged and welcome to attend all meetings. The Chair will invite any questions, comments, or suggestions on any subject from the public attending. However, these are not public meetings so there will generally be no further opportunity for members of the public to speak once this agenda item is closed. Of course, residents don't have to wait until a meeting to raise issues, and may contact any of the Councillors or the Clerk whenever they wish.

A unique perspective on the artistic and cultural tapestry of Uzbekistan, a land where glittering mosques and Soviet-era remnants coexist. This lecture promises to be an enriching journey through time and art. We'll delve into the country's art scene, which includes the second largest collection of Russian Avant Garde Art, carefully amassed during a time when these artistic styles were banned. We'll also explore the revival of handicrafts, the exquisite world of ceramics, silk, and velvet, and the rekindling of Islamic miniature painting, all of which contribute to the vibrant and dynamic landscape of modern Uzbekistan.

GREEN TREES SCHOOL GOLD AWARD

We are delighted to celebrate all the hard work the children at Asby Endowed School have put into achieving our Green Trees School Gold Award. The children have worked incredibly hard, giving up their own time to gain the award during after-school club sessions. The after-school club is very well attended and all the children in the school have attended these sessions, working towards achieving this award.

The children from Reception to Year Six have worked hard completing a range of activities including woodland art, wellbeing activities and learning about woodland in Shakespeare. They have enjoyed their work so much they are keen to take on the challenge of achieving the platinum award, which we feel is no easy feat!

The award has helped the school environment by being more mindful about our recycling and carbon footprint. As a school we are dedicated to educating children about how to look after our environment and learning about the benefits of nature. We are lucky to have a beautiful setting in the countryside and we need to look after our surroundings so it can be preserved for future generations.

Michelle Clark, Head Teacher

"Letter to the Editor"

**"Asby Matters?
It certainly does!"**

Dear Editor,

Many thanks to the complete "Asby Matters" production team. This truly is a valued community asset, informative and attractive. I especially appreciate the availability of printed copies. Always there, attached to the fridge without the click of a single button, mouse or screen, even in times of power cuts and too frequent, internet outages!

After the worst of COVID was over, I checked if, like me, neighbours would prefer to go back to receiving paper copies of "Asby Matters" or were they happy to continue with an electronic version. The result was about even. So now, ten times a year I get to enjoy delivering them to those who chose paper.

It's definitely not hard work and gets to be quite the family activity when the grandchildren are around. I also like the way this gives us the opportunity to catch up with those slightly further away neighbours we don't get to see very often. This month, my husband helped out and was greeted at a door by a local farmer. Handing over the latest edition with the words "Asby Matters", the immediate response came back, "It certainly does Andrew, it certainly does!"

So, happily, I'm not the only one who thinks highly of this magazine and the community it serves. Long may it continue!

Asby Buddy Group

A group of residents of Asby / Little & Great have formed a self help group called the Asby Buddy Group to assist and support in medical emergencies locally, before the relevant professional services arrive. In the event of a medical emergency calling 999 is the first step and following the instructions the operator gives you.

You should have received through your letter box a yellow postcard explaining how to contact the Buddy Group and get additional help and support during this emergency. If you have not received this please contact Ian Hutchings 01768 351132 to get one.

The card is reproduced here to explain further what the group does .

The Asby Buddy Group

In the event of a medical emergency a village-wide group of individuals are happy to give help and support. Your first step is to call 999 and request professional medical support and to follow the instructions the operator gives you. Using any means possible, alert one of the names listed on the reverse of this card. They will activate a call system to bring members of the buddy group to support you. The buddy group members have received training in using the defibrillators located in Great and Little Asby and can give CPR (cardiopulmonary resuscitation) until professional medical help arrives.
